INTRODUCTION

The 2026-2027 Main Estimates is the operating budget of the Government of the Northwest Territories (GNWT) and provides an accounting of how public funds will be allocated to deliver programs and services as well as projected revenues. Also included is the annual borrowing plan for the government reporting entity.

Each year, the GNWT prepares two budgets that together guide its activities:

- **Capital Estimates:** Focused on infrastructure investments to support seasonal construction and long-term development.
- **Main Estimates:** Concentrated on operations and maintenance spending to deliver day-to-day programs and services.

The Capital Estimates and Main Estimates are tabled separately for review and approval by the Legislative Assembly. The Capital Estimates are tabled in the fall session to prepare for the winter supply and summer construction seasons.

The **Main Estimates** include the following components by department:

- **Organizational Chart:** Departmental structure by position title for administrative reporting purposes.
- **Accounting Structure Chart:** Departmental structure for financial reporting purposes.
- **Department Summaries:** Overview of mandates, funding allocations and workforce positions. Provides details about spending categories such as compensation, grants and contributions, and other expenses.
- **Revenue Summaries:** Presents revenues by type (federal grants, transfer payments, non-renewable resource revenues, taxation, and general revenues).
- **Active Position Summaries:** Provides the total number of positions for the department in each region and total positions by community grouping (Headquarters, Regional Offices, and Other).
- **Grants, Contributions, and Transfers:** Provides the proposed funding allocations to recipient organizations and programs.
- **Work Performed on Behalf of Others:** Activities carried out on behalf of third parties, such as the federal government, where costs are fully recovered.
- **Other Information Items:** Includes proposed expenditures, revenues, expenditures under cost shared agreements, or other financial activities related to public agencies, revolving funds, and other special purpose funds.
- **Additional Information:** Includes appendices for a Glossary of terms used by the GNWT and information on the Budget Development Process.

The **2026-2027 Budget Address** given by the Minister of Finance before the tabling of the Main Estimates describes how the operating budget will deliver government programs and services and advance the government's priorities for the fiscal year. The annual budget address is complemented by several reference papers, including the Main Estimates, which is the budget reference document used by the Legislative Assembly to approve the annual budget.

The Main Estimates and Budget Address documents for 2026-2027 and prior years are available on the Department of Finance website.

INTRODUCTION

Le budget principal des dépenses pour l'exercice 2026-2027 désigne le budget de fonctionnement du gouvernement des Territoires du Nord-Ouest (GTNO), dans lequel il est fait état de l'allocation des fonds publics aux différents programmes et services, des recettes prévues et du plan d'emprunt annuel pour le périmètre comptable du GTNO.

Chaque année, le GTNO prépare deux budgets qui, ensemble, orientent ses activités :

- **Le budget des dépenses en immobilisations** : Ce budget se concentre sur les investissements dans le domaine de l'infrastructure afin de soutenir la construction saisonnière et le développement à long terme.
- **Le budget principal des dépenses** : Ce budget est quant à lui axé sur les dépenses de fonctionnement et d'entretien nécessaires à la prestation des programmes et services au quotidien.

Le budget des dépenses en immobilisations et le budget principal des dépenses sont déposés séparément pour examen et approbation par l'Assemblée législative. Le budget des dépenses en immobilisations est déposé pendant la session d'automne, pour préparer l'hiver (approvisionnement) et l'été (construction).

Le **budget principal des dépenses** comprend les sections suivantes par ministère :

- **Organigramme** : Structure ministérielle, par titre de poste, aux fins des rapports administratifs.
- **Tableau de la structure de responsabilisation** : Structure ministérielle aux fins des rapports financiers.
- **Résumé ministériel** : Aperçu des mandats, des financements alloués et des effectifs. Cette section fournit des détails sur les catégories de dépenses, telles que la rémunération, les subventions, les contributions, etc.
- **Résumé des recettes** : Présentation des types de revenus (subventions fédérales, paiements de transfert, revenus tirés de l'exploitation des ressources non renouvelables, imposition et revenus généraux).
- **Résumé des postes actifs** : Indication du nombre total de postes au sein du ministère dans chaque région et du nombre total de postes par collectivité (siège, bureaux régionaux et autres).
- **Subvention, contributions et transferts** : Présentation des financements alloués aux organismes et programmes bénéficiaires.
- **Travaux réalisés pour le compte d'autrui** : Activités effectuées au nom de tierces parties, telles que le gouvernement fédéral, et dont les dépenses sont entièrement recouvrées.
- **Autres éléments d'information** : Section comprenant notamment les dépenses proposées, les revenus, les dépenses en vertu d'ententes de partage des coûts ou d'autres activités financières liées aux organismes publics, aux fonds renouvelables et à d'autres fonds spéciaux.
- **Renseignements additionnels** : Section comprenant notamment des annexes dans lesquelles se trouve le glossaire des termes utilisés par le GTNO et de l'information sur le processus d'élaboration du budget.

Le **discours du budget 2026-2027** prononcé par la ministre des Finances avant le dépôt du budget principal des dépenses décrit la façon dont le budget de fonctionnement permettra la prestation des programmes et services gouvernementaux ainsi que la concrétisation des priorités du GTNO pour l'exercice financier. Plusieurs documents de référence viennent étayer le discours du budget annuel, y compris le budget principal des dépenses (le document budgétaire de référence utilisé par l'Assemblée législative afin d'approuver le budget annuel).

Les documents du budget principal des dépenses et du discours du budget pour 2026-2027 et les exercices antérieurs sont disponibles sur le site Web du ministère des Finances.

SUMMARY OF RESOURCE REVENUE SHARING

Resource revenues under the *Northwest Territories Lands and Resources Devolution Agreement* are the sum of all mineral revenues, oil and gas revenues and water revenues generated in the Northwest Territories except royalty revenues that are part of land claim agreements. Mineral, oil, gas, and water revenues include amounts such as royalties, licences, rentals, well-head taxes, levies, and forfeited deposits. These resource revenues are shared with the federal government and Indigenous partners that are signatories to the *Agreement*. Half of resource revenues are shared with the federal government by reducing the Territorial Formula Financing Grant payments from Canada to the Government of the Northwest Territories. The remaining resource revenues are referred to as the Net Fiscal Benefit and a quarter of that amount is transferred to Indigenous governments that have signed on to the *Agreement*. After sharing with the Indigenous partners, a quarter of the remainder is deposited into the Heritage Fund following a vote by the Legislative Assembly. The residual Net Fiscal Benefit is notionally used for capital spending. Timing of when resource revenues are collected will affect how the components of resource revenue-sharing are reported in the Public Accounts.

DESCRIPTIONS OF COST SHARED AGREEMENTS

Canada-NWT Agreement on the Implementation of the National Action Plan to End Gender Based Violence (200) - Four year funding to support the implementation of the National Action Plan to End Gender-Based Violence. ECE received funding to hire a Gender Based Violence School Coordinator to enhance training and curriculum on gender based violence prevention and intervention for NWT school staff, students and the department staff. The agreement ends March 31, 2027.

Canada-NWT Canada-Wide ELCC Agreement and Canada-NWT ELCC Extension Agreement (31,270) - Funding to support the creation of a Canada-wide system for ELCC that supports all families to have access to high-quality, affordable, flexible, accessible and inclusive early learning and child care regardless of where they live in the territory. The agreement ends March 31, 2026.

COST SHARED AGREEMENTS

INFORMATION ITEM

Canada-NWT Cooperation Agreement for French Language Services (5,950) - Funding for providing administrative and policy support to implement and deliver programs and services to the public in French. The expected operating expenditure is currently projected based on the existing appropriation approved for the Departments and may be subject to change upon renegotiation. This line includes all of the budget for the GNWT for the purpose of this schedule, respective Departments have full control over their own appropriations.

Canada-NWT Cooperation Agreement for Indigenous Languages (10,066) - Funding to support the reclamation, revitalization, maintenance and strengthening of the Indigenous languages of the NWT.

Canada-NWT Cooperation Agreement for Minority-Language Education and Second-Language Instruction - French (4,018) - Funding to offset the cost of providing French language instruction through French first language (minority) and French second language programs in the NWT.

Canada-NWT Labour Market Development Agreement (4,518) - Funding to provide territorial labour market programs to individuals who are eligible for federal Employment Insurance, as well as Employment Assistance Services for all eligible Canadians. The agreement is ongoing.

Canada-NWT Workforce Development Agreement (2,166) - Funding to provide territorial labour market programs to all eligible individuals, regardless of Employment Insurance eligibility. The agreement is ongoing.

Canada Student Loans Program (20,223) - Funding is provided by Canada as an alternative payment to help offset the cost of operations for the Student Financial Assistance Program. The NWT is one of three jurisdictions that does not directly participate in the federal Canada Student Loans Program. The agreement is ongoing.

Canadian Heritage-Fish for Sale Exhibit (248) - Funding to support the development of a mobile multilingual exhibit on the history of commercial fishing in the Great Slave Lake basin. The agreement ends March 31, 2027.

EDUCATION AUTHORITIES PROGRAMS AND SERVICES

INFORMATION ITEM

In 1996, the Government of the Northwest Territories (GNWT) adopted a new *Education Act* that renamed existing governance structures and enhanced their responsibilities. The *Education Act* gives Divisional Education Councils (DECs) and District Education Authorities (DEAs) the legislative authority to provide leadership and guidance to their respective educational districts and communities.

Each DEA is comprised of elected or appointed representatives responsible for the school(s) in their community. There are a total of 49 public schools in 32 of the 33 communities in the NWT.

The GNWT certifies teachers and determines curricula that guide what should be taught and what students should be learning in NWT schools, while the DECs and DEAs provide each NWT community with the authority to meet the specific educational and cultural needs of students. Most of the School Funding Framework parameters are continuing to be finalized for the 2025-2026 school year.

AURORA COLLEGE PROGRAMS AND SERVICES

INFORMATION ITEM

Aurora College delivers adult and post-secondary education and training programs under the direction of a Board of Governors or an Administrator appointed by, and accountable to, the Minister of Education, Culture and Employment. Aurora College has three regional campuses and delivers programming under six school departments. Aurora College offers a number of certificate and/or diploma programs and degree programs out of three regional campuses in partnerships with universities. Through its three campuses and online, Aurora College provides community-based Adult Literacy and Basic Education programs as a means to facilitate greater access to post-secondary education, training and employment. Aurora College operates through third-party contracts and an annual contribution from the Department as approved by the Legislative Assembly. Contributions to the Aurora College are allocated by academic year, which runs from July 1 to June 30.

The School of Trades, Apprenticeship and Industrial Training provides technical training that supports people in achieving journeyperson status, becoming a technician or technologist in a designated occupation, or obtaining basic skills to begin careers in trades, construction or mining-related occupations.

ENVIRONMENTAL MANAGEMENT, MONITORING AND CLIMATE CHANGE

ACTIVITY DESCRIPTION

The Environmental Management, Monitoring and Climate Change activity is responsible for the stewardship and management of the environment and NWT waters and works to prevent or reduce the impact of human activities on the natural environment so that a high-quality environment is maintained.

The Climate Change, Cumulative Impacts and Knowledge Division includes Climate Change, the NWT Cumulative Impact Monitoring Program and the GNWT Knowledge Agenda. The Climate Change section works with all GNWT departments, other governments and partners, including Indigenous governments and Indigenous organizations, to coordinate the NWT's response to climate change, including mitigation of greenhouse gas emissions, identifying climate change impacts, as well as adapting to a changing climate. The NWT Cumulative Impact Monitoring Program compiles science and traditional knowledge that is used to support environmental decision-making in the NWT and fills key gaps in the understanding of cumulative impacts and environmental trends related to caribou, water and fish. The GNWT Knowledge Agenda establishes a strategic framework for improving knowledge in the NWT, identifies the government's research priorities, and sets a path for future research and traditional, local, and scientific knowledge integration for the GNWT.

The Environmental Protection and Waste Management Division includes Contaminated Sites, Waste Management, Air Quality Monitoring and Environmental Protection. The Contaminated Sites section manages the remediation of contaminated sites that fall under the responsibility of the GNWT as well as managing the assessment and remediation of sites that are a priority due to environmental, health and safety issues. The Waste Management Section manages the beverage container, electronic recycling and other programs and initiatives to ensure residents have access to sustainable waste management resources and programs. The Environmental Protection section provides information and technical advice through environmental assessments, Land and Water Board processes, and delivers programs with respect to hazardous substances, as well as solid and hazardous waste management.

The Water Management and Stewardship Division includes Water Partnerships and Agreements, Water Research and Monitoring, and the Taiga Environmental Laboratory sections. The Water Partnerships and Agreements section coordinates and supports implementation of the NWT Water Stewardship Strategy. It leads the establishment and implementation of Transboundary Water Management Agreements, provides support to the Mackenzie River Basin Board, and delivers programs related to Source Water Protection and Aquatic Ecosystem Indicators. The Water Research and Monitoring section is responsible for long-term baseline monitoring programs, including water quality, water quantity, weather conditions and snow surveys. The Taiga Environmental Laboratory performs a wide range of organic and inorganic chemical analyses on water, industrial effluents, sewage, and soil and provides scientific training and public education.

POLICY AND STRATEGIC PLANNING

ACTIVITY DESCRIPTION

The Policy and Strategic Planning activity is responsible for development of broad policy, communications and legislative initiatives, and corporate level strategic planning. Policy and Strategic Planning also work inter-departmentally and inter-governmentally to coordinate the GNWT's input and decision-making relating to land use planning and conservation planning.

The Conservation Planning and Sustainable Livelihoods Division advances a comprehensive and collaborative approach for conservation planning and protected area establishment across the NWT that recognizes the need to balance conservation and economic development, and respects Indigenous rights and existing third-party interests, for example, a land lease. This division is also responsible for sustainable livelihoods programming which develops and implements activities, programs and research with partners related to traditional and local knowledge, traditional economy, country foods, indigenous and community-based research and on the land collaboration.

The Land Use and Sustainability Division coordinates the Department's responses to broad regional land and resources initiatives advanced by the GNWT and leads the GNWT's approach to, and participation in, regional land use planning. The Division works with external planning partners, including Indigenous Governments and Indigenous Organizations, Planning Boards, and Non-Government Organizations, to strengthen capacity for land use planning. It leads policy and framework development to support the effective and efficient management and administration of land resources including efforts to develop implementation tools to support effective decision-making under the GNWT Land Use and Sustainability Framework.

The Policy, Legislation, Evaluation and Communications Division provides overall leadership and strategic advice on Executive Council submissions, policies, strategic and corporate planning, legislation and regulations, intergovernmental and interdepartmental affairs, and communications relevant to the Department. The Division coordinates the Department's response to, and participation in land, resources and self-government negotiations, and bilateral meetings between GNWT and Indigenous governments. The Division also coordinates responses to Access to Information and Protection of Privacy requests for the Department.

DESCRIPTIONS OF GRANTS AND CONTRIBUTIONS

Disaster Compensation (225) - Grants available to hunters and trappers to replace equipment lost as a result of a natural disaster.

Fur Price Program (605) - Grants available to trappers in the form of a minimum price for the fur of selected species. The grant is available on good quality and well-handled pelts.

Community Harvester's Assistance Program (1,276) - Provides funding assistance to hunters and trappers to offset capital and operating costs of harvesting activities.

Conservation Planning (215) - Contributions in support of gathering and reviewing information to assist in the establishment of proposed protected areas.

Nature Fund Protected Areas - Contributions to support the establishment of three territorial protected areas: Thaidene Nënë, Ts'udé Niljné Tuyeta and Dinàgà Wek'èhodi.

NWT Nature Agreement - Contributions designed to advance conservation priorities including protected and conserved areas, wildlife habitat, species at risk and overall biodiversity.

POLICY AND STRATEGIC PLANNING

GRANTS, CONTRIBUTIONS AND TRANSFERS

NWT On The Land Collaborative (150) - Promotes and supports on the community led land-based initiatives across the Northwest Territories. Made up of government, philanthropic, industry, and regional Indigenous governments to combine efforts and make it easier for communities to access money and other resources for on the land projects.

Supporting Land Use Planning Initiatives (225) - Contributions to Indigenous governments and organizations, community governments, non-government organizations, and accredited academic institutions in Canada, in support of land use planning processes and policy development, including collecting information, undertaking studies, projects or participating in processes that will support regional, sub-regional, or transboundary land use planning activities, including Indigenous led land use planning activities.

Supporting Sustainable Land Use Management (90) - Contributions to Indigenous governments and organizations, community governments, non-government organizations, and accredited academic institutions in Canada, in support of developing approaches, processes, guidelines, and policies related to sustainable land use and management, including research, studies, projects, and participating in processes for the development of policy or guidelines for land and resource management.

Take a Family on the Land (150) - Designed to offset the costs associated with on the land activities.

Take a Kid Trapping (225) - Designed to introduce school age youth to traditional harvesting practices of hunting, trapping, fishing and outdoor survival.

Traditional Economy (685) - Provides mentorship, learning and training opportunities related to harvesting that supports community driven exchange of skills, knowledge and traditions between generations; supports communities having access to high quality, safe, nutritious and culturally appropriate country foods; and promotes the trapper recognition program, trapper training workshops, ECC officer pelt handling training and supplies and shipping for the GMVFP.

Traditional Knowledge (65) - Funding for communities to carry out specific wildlife and forestry research projects related to the collection of traditional knowledge.

REGULATORY, ASSESSMENT AND AUTHORIZATIONS

ACTIVITY DESCRIPTION

The Regulatory, Assessment and Authorizations activity is responsible for issuing permits, licenses and other dispositions that relate to land, water, wildlife, and forests, and participating in and coordinating the GNWT's input into environmental assessments and security proceedings.

The Land Management and Administration Division provides leadership, management, expertise, technical advice and development of policies and procedures for the administration of public land. The Division administers land tenure, land pricing, survey applications, mapping services and land inventory; and, in collaboration with Land Regional Operations, manages and administers leases and other land dispositions, securities, collects rents and fees, and administers unauthorized use and occupancy processes.

The Impact Assessment and Security Management Division coordinates GNWT participation and decision-making in quasi-judicial environmental impact assessment and securities proceedings and related policy and procedural initiatives. The Division works closely with other GNWT Departments, resource management boards, and Indigenous and federal governments to facilitate timely, transparent, and evidence-based decision-making. It also plays a leading role in legislative, policy, and procedural initiatives to ensure that resource development proceeds with full consideration of preventing potential environmental liabilities and protecting the GNWT and taxpayers from financial and environmental risk.

The Regulatory and Permitting Division reviews proposed development activities within the environmental assessment and regulatory system. The Division also provides information to resource management boards and others regarding the effects of proposed water and land activities on the environment and the amount of reclamation security. The Division also administers the Interim Resource Management Program funding to Indigenous governments and Indigenous organizations in unsettled areas to assist in capacity building and participation in land and resource related activities. Environmental Agreements for diamond mines are administered by this Division.

WILDLIFE AND FOREST MANAGEMENT

ACTIVITY DESCRIPTION

The Wildlife and Forest Management activity is responsible for compliance and officer services and the stewardship and management of wildlife and the NWT's forests.

The Compliance and Officer Services Division provides regional and divisional support on activities related to licensing, compliance, and employee training. This Division also coordinates the Department's occupational health and safety activities.

The Forest Management Division includes Fire Operations Presuppression and Suppression and Forest Resources. The Fire Operations Presuppression section provides forest standards, compliance, logistics and asset management. The Fire Operations Suppression section provides for the analysis of wildland fire and protection of people, property, and values at risk from wildfire through planning and response. Within the suppression section, the Aviation Services section controls and coordinates wildfire air attack operations, including managing GNWT's aircraft fleet and air tanker bases. The Forest Resources section provides for sustainable forest management for economic and social needs, the determination of ecological diversity and forest health and manages forest renewal, forest harvest planning, forest health monitoring, forest growth and yield and all other forestry related matters.

The Wildlife Division includes Biodiversity Conservation, Field Operations and Wildlife Research and Management section. The Biodiversity Conservation section is responsible for monitoring wildlife biodiversity, managing species at risk programs, implementing the *Species at Risk (NWT) Act*, developing wildlife legislation, and maintaining a wildlife data repository. The Field Operations section undertakes wildlife surveys and involves communities and co-management boards in these activities. The Wildlife Research and Management section is responsible for guiding the overall direction of departmental wildlife research and monitoring programs, developing management plans and range plans, and providing technical expertise and advice on wildlife issues in environmental assessment and regulatory processes. This work includes supporting the needs of other wildlife management authorities and co-management partners to achieve shared goals and priorities.

EXECUTIVE COUNCIL OFFICES

ACTIVITY DESCRIPTION

The Executive Council Offices comprises the Premier's Office, Ministers' Offices, and Cabinet Communications.

The Premier's Office provides the Premier and Ministers' Offices with political, communications, and strategic operations advice and coordination. The Premier's Office leads government activities related to all political commitments and priorities of the Legislative Assembly, intergovernmental and key stakeholder relationships. The Premier's Office supports the Premier with the management of the executive functions of government and takes a lead in coordinating the government's activities related to the political development of the NWT.

Ministers' Offices provide support for the Ministers, their offices and support staff. This includes providing senior political and strategic support services for a wide range of subject areas with each Minister's portfolio, including major policy, program, and operational issues affecting departments, as well as providing coordination, facilitation, and analysis services to the Minister.

Cabinet Communications provides strategic communications advice to the Premier, Cabinet Ministers, and departments to support effective and coordinated communications that promote public awareness and understanding of GNWT positions, policies and initiatives to advance the priorities of the Legislative Assembly and fulfill GNWT mandate commitments. Cabinet Communications supports the Premier and Cabinet in their engagement with news media and provides media relations leadership and advice to departments, as well as issues management advice.

DESCRIPTIONS OF GRANTS, CONTRIBUTIONS AND TRANSFERS

Carbon Tax Offset (1,300) - Effective April 1, 2025 the GNWT eliminated the territorial carbon tax for all consumers except for large industrial emitters to align with the Government of Canada's updated carbon pricing policy which removed the federal consumer carbon tax. Carbon Tax Offsets are an amount to cover the Cost of Living Offsets (COLO) paid to late tax filers and the carbon tax revenue sharing grants to community governments.

Cost of Living Tax Credit (22,150) - A refundable credit based on annual net income with a minimum credit of \$350 (\$700 for couples) and a maximum credit of \$942 delivered through the tax system and available to all NWT residents.

Northwest Territories Child Benefit (2,200) - The NWT Child Benefit (NWT CB) provides maximum benefits of \$815 for the first child under the age of 6, and \$652 for the first child aged 6 through 17, with the per child benefit amounts subsequently reduced for each additional child. The benefit will start to phase-out when the family income exceeds \$30,000, and be completely eliminated when the family income is equal to or more than \$80,000.

Northwest Territories Heritage Fund (800) - Transfer 25 percent of the remaining net fiscal benefit from resource revenues after sharing with Indigenous governments, to the NWT Heritage Fund.

MANAGEMENT BOARD SECRETARIAT

GRANTS, CONTRIBUTIONS AND TRANSFERS

Net Fiscal Benefit Transfer to Indigenous Governments (3,000) - As described in Schedule 18 of the *Northwest Territories Lands and Resources Devolution Agreement* with Canada, the GNWT will transfer 25 percent of the GNWT's net fiscal benefit from resource revenues to Indigenous governments who are signatories to the agreement. Amounts paid will depend on the actual resource revenue amounts earned each fiscal year.

OFFICE OF THE CHIEF INFORMATION OFFICER

ACTIVITY DESCRIPTION

The Office of the Chief Information Officer (OCIO) provides overall leadership on the GNWT's information management and technology efforts. The activity provides strategic advice to Ministers and Deputy Ministers and ensures that technology and information services support government priorities. The OCIO oversees key programs including:

Cyber Security and Information Protection: Coordinating efforts to safeguard GNWT systems and data.

Business Applications and Geospatial Services: Supporting and maintaining departmental software and geospatial data and mapping tools across government.

Enterprise Information Management: Managing government records centres and the enterprise solutions which support both physical and electronic records.

Information Technology: Providing foundational IT services and support to departments, Aurora College, education boards, and some health authorities. This includes: desktop computing, email, internet, hosting departmental applications and operation of GNWT's Wide Area Network.

Together, these services ensure that GNWT employees have the technology supports needed to deliver programs and services effectively to residents and businesses.

LIQUOR AND CANNABIS REVOLVING FUND

INFORMATION ITEM

The Liquor and Cannabis Revolving Fund established under the *Liquor Act* and in conjunction with the *Cannabis Products Act*, provides working capital to finance the operations of the Liquor and Cannabis Commission (Commission), the Liquor Licensing Board (Board) and Liquor Licensing and Enforcement. Revenues are generated by the sale of alcoholic beverages and cannabis products. The Commission is responsible for the purchase, classification, distribution and sale of all alcoholic beverages and cannabis products in the NWT. The Board is responsible for the issuance of all types of liquor permits, and for all hearings and proceedings pertaining to liquor permits. Liquor Licensing and Enforcement provides support to the Board, and is responsible for the enforcement of liquor-related regulations and restrictions, and assists communities in respect of matters arising under the *Liquor Act*. The Commission, Board and Liquor Licensing and Enforcement are located in Hay River. The accounting and management of the Liquor and Cannabis Revolving Fund is administered by the Commission; however, there are separate audited financial statements for the Commission and the Board. The financial statements are audited on an annual basis by an independent external auditor.

TECHNOLOGY SERVICE CENTRE

CHARGEBACK

INFORMATION ITEM

The Technology Service Centre (TSC) is responsible for providing information technology support and services to meet the business objectives of the GNWT, including delivering programs to NWT residents and maximizing the effectiveness of GNWT employees.

Primary TSC services provided include computer workstation upgrades and support, electronic mail, file management, Internet access, and hosting and operation of department applications. The foundation for these services is the Wide Area Network managed by the TSC. Education boards, Aurora College and some Health Authorities receive a subset of these services.

The TSC recovers its costs from GNWT departments and agencies through chargeback agreements, using rates approved by the Financial Management Board. The rates reflect the IT infrastructure, human resources, contractual obligations, licensing and maintenance costs to provide these services.

HEALTH AND SOCIAL PROGRAMS

ACTIVITY DESCRIPTION

Adult Support Services include supports to adults to navigate and access GNWT and community-based programs and services to enable independent living. This includes Adult Service Workers and the Office of the Public Guardian which is governed by the *Public Guardianship and Trusteeship Act*.

Child and Family Services provide services to ensure the best interests of children, youth and families; maintain family unity; and promote the strength of communities. Services include prevention supports, family preservation and protection, which are available and provided to each of the 33 communities in the NWT. Services delivery frameworks are set out in the NWT's *Child and Family Services Act*, the *Aboriginal Custom Adoption Recognition Act*, and the federal *Act Respecting First Nations, Inuit and Metis Children, Youth and Families*. The Department is responsible for developing practice standards and training curriculums; monitoring overall system performance and compliance to legislated responsibilities; providing access to out of territory specialized services; and facilitation adoptions.

Client Support Services include the Health Services Administration office in Inuvik that registers clients for vital statistics and health care eligibility and is responsible for the administration of Health Benefit Programs and Supplementary Health Benefit Programs.

Community Clinics and Health Centres provide primary care services, which are commonly the first level of contact for individuals within the health system. These services are provided through health centers, community clinics and public health clinics.

Community, Culture and Innovation provides oversight for the health and social services system to embed cultural safety, social determinants of health, community development, and public engagement into service delivery. Key activities include leading reform initiatives and renewal of policies and programs, designing integrated and person-centered service delivery, and prioritizing Indigenous health and wellness, together with Indigenous communities and governments.

Community Mental Wellness and Addictions Recovery provides support in the delivery of mental health and addictions programming as legislated by the *Mental Health Act* and through the establishment of program standards. This includes programs delivered through the Health and Social Services Authorities like community counselling as well as through partnerships with Indigenous and other community groups for the provision of land-based programming.

Cultural Safety and Anti-Racism provides direction, guidance, and support for a shared vision of a culturally safe GNWT system to eradicate anti-Indigenous racism. Activities include incorporating cultural safety and anti-racism knowledge and research into policies, practices and education programs.

Family Violence Prevention programs offer prevention, protection, assistance and shelter services to families impacted by domestic abuse and/or violence.

HEALTH AND SOCIAL PROGRAMS

ACTIVITY DESCRIPTION

Hospital Services includes all activities associated with the provision of inpatient and ambulatory outpatient services in the NWT hospitals. It includes the units that co-ordinate admission and discharge of patients, and maintain health records, and those that provide operational support services such as housekeeping and laundry services, security, bio-medical engineering, and facility maintenance. Population and Public Health Services are provided through the coordination and ongoing management of health prevention, health promotion and health protection activities for the NWT led by the Office of the Chief Public Health Officer. This includes development of program standards, surveillance, monitoring and evaluation in the areas of public health and community wellness, environmental public health, and communicable disease control including surge response initiatives. The Epidemiology unit and public health registries set out legislated requirements for the health and social services system and in some cases, premises and persons in the NWT.

Specialty Services refer to diagnostic, consultative and treatment services provided in the NWT as the result of a referral from a primary care practitioner. This includes specialist services such as Internal Medicine, General Surgery, Pediatrics, Obstetrics/Gynecology, Orthopedics, Urology, Oncology, Ophthalmology and Otolaryngology (ENT).

LONG TERM AND CONTINUING CARE SERVICES

ACTIVITY DESCRIPTION

Home Care and Support Services provide nursing care and support for personal care and daily living activities for individuals who are not able to perform these activities on their own.

Long Term Care and Supported Living are home-like facilities that provide care and services for people who are no longer able to live independently or who require onsite nursing care, 24-hour supervision, or personal support. Supported living services provide support to adults with disabilities so that they can live as independently as possible in their own homes or in accommodations provided by a supported living service provider.

CORPORATE MANAGEMENT

ACTIVITY DESCRIPTION

The Corporate Management provides overall management, strategic planning, communication, and leadership to ITI's divisions and regions, as well as any development, review, and amendments to policy, programs, and legislation. This activity enables ITI to respond effectively to the environmental and resource management priorities of NWT residents.

Corporate Management captures ITI-wide costs such as Technology Service Centre chargebacks and employee future benefits.

Directorate provides the overall leadership, management, and strategic planning for ITI, guiding the overall planning and execution of instructions from the Minister of ITI, the Legislative Assembly and Executive Council. Directorate provides strategic advice and support to the Minister of ITI and the department and works collaboratively with other departments to meet the mandate priorities of the GNWT and serve the needs of territorial residents and businesses.

Finance and Administration division is responsible for controlling and reporting on all ITI financial information, including capital planning and strategic financial matters. F&A provides financial management and administrative services to ITI, financial submissions and leading the Main Estimates process. The departmental Occupational Health and Safety program is housed in this unit.

Policy, Planning, Communications and Analysis division provides advice and services related to policy and legislation development, departmental and ministerial communications and marketing, program evaluation economic analysis, and intergovernmental and interdepartmental affairs. The division participates in land and resource management initiatives on behalf of ITI, including environmental impact assessments and regulatory matters, as well as land claim and self-government agreement negotiations and implementation. PPCA leads performance management activities including monitoring, evaluation, establishing performance measures and reporting. PPCA provides economic analysis and regional market and economic data for both business and government; and supports informed decision-making by providing economic data and studies, market intelligence, and sector information.

ECONOMIC DIVERSIFICATION AND BUSINESS SUPPORT

ACTIVITY DESCRIPTION

The Economic Diversification and Business Support activity consists of the Business Support and Trade (BST) Division and the Economic Diversification (ED) Division.

BST focuses on policy and program development to support businesses and drive community economic development. Key areas include the Support to Entrepreneurs and Economic Development (SEED) Policy, the Community Futures Program, and Community Transfer Initiatives. It also serves as the GNWT lead on internal and international trade matters, and develops policies and programs to attract investment and support the growth of the innovation economy. This includes promoting foreign investment through collaboration with Invest in Canada and implementing the NWT Innovation Action Plan. BST administers GNWT's Business Incentive Policy and the Northwest Territories Manufactured Products Policy, both of which are overseen by the monitoring office based in Hay River.

ED leads the development of programs and initiatives that support the renewable resources sector while advancing diversification of the NWT economy. This includes targeted programs for agriculture through the Sustainable Canadian Agriculture Partnership and the implementation of the NWT Agriculture Strategy; commercial fisheries through the Strategy for the Revitalization of the Great Slave Lake Fishery; arts and fine crafts through the implementation of the NWT Arts Strategy; and the film sector through the NWT Film Strategy and Action Plan.

ITI regional offices serve as key delivery agents for ITI programs, including the Prosper NWT loans program. They also work in partnership with Community Futures Development Organizations to help NWT businesses access funding and investment capital.

At the community level, regional offices provide direct guidance, support, and assistance for delivering EDBST programs. Regional representatives are experienced and well-connected, with strong relationships across organizations, financial institutions, and government departments and agencies. They play a critical front-line role in supporting the local business community, acting as pathfinders and trusted points of contact.

ITI works with industry associations such as the NWT Chamber of Commerce, the NWT Construction Association, the NWT Manufacturers' Association, and the Territorial Agri-Foods Association, as well as with professional associations to promote the NWT as a place to work, invest and live.

MINERALS AND PETROLEUM RESOURCES

ACTIVITY DESCRIPTION

The Mineral and Petroleum Resources activity consists of the Diamonds, Royalties and Financial Analysis (DRFA) Division, Mineral and Petroleum Resources Division (MPRD), Mineral Resources Act Implementation (MRAI) Division, the Northwest Territories Geological Survey (NTGS), and the Client Service and Community Relations (CSCR) Unit. ITI regional offices across the NWT ensure that businesses and entrepreneurs receive access to programs and resources to help maximize the economic benefits from resource development in their regions.

DRFA is responsible for the management, administration and collection of royalties from mineral and petroleum resource development in the NWT, including performing and overseeing royalty audits and diamond valuation processes. DRFA is responsible for the administration of the Diamond Policy Framework, negotiating agreements guaranteeing Approved NWT Diamond Manufacturers access to rough diamonds produced by NWT mines, and for ensuring implementation of those agreements. DRFA also administers and negotiates agreements that license the use of GNWT diamond trademarks by Approved NWT Diamond Manufacturers.

MPRD is responsible for the development and delivery of policy, strategies, programs and services related to minerals and petroleum exploration and development, and manages tenure associated with mineral and petroleum subsurface resource rights for public lands in the NWT through the Mining Recorder's Office and the Oil and Gas Rights section. MPRD also oversees the management of benefits related to resource development including the Environmental Studies Research Fund, Benefits Plans with petroleum developers, and Socio-Economic Agreements with proponents of large-scale resource projects.

MRAI is responsible for the administration and implementation of the Mineral Resources Act, the new legislation governing mineral resources in the NWT. MRAI is responsible for the development of regulations under the MRA and development of a new enterprise system solution - the Mineral Administration and Registry System that will cover all aspects of mineral interests.

NTGS undertakes and supports original geoscience studies that contribute to a modern, comprehensive public geoscience database for the NWT to support evidence-based decision making and attract investment. The Division's work mainly focuses on regional geology, mineral and energy resources, permafrost, publication of geoscience research, digital data management, and public outreach. NTGS also delivers the Mining Incentive Program and supports GNWT regulatory processes, infrastructure and land use decisions, and provides expert advice to individuals, communities, governments, industry, academics and researchers.

CSCR serves as a consistent first point of contact within the GNWT to assist industry and NWT communities in maximizing economic opportunities from resource exploration and development as well as leads the deployment of resource sector public outreach and Indigenous capacity building initiatives. CSCR provides hands-on advice and guidance to internal and external clients on regulatory and community engagement practices through project facilitation and collaborative pathfinder services.

TOURISM AND PARKS

ACTIVITY DESCRIPTION

The Tourism and Parks (T&P) Division is made up of three core units: Tourism, Parks, and Research and Planning. Together, they support the growth and sustainability of the Northwest Territories' tourism industry through strategic planning, program delivery, research, and park operations.

T&P works closely with Northwest Territories Tourism (NWTT), providing funding and collaborating on efforts to promote the NWT as a world-class travel destination. The division supports tourism operators, tourism-related businesses, community governments, and Indigenous organizations by offering programs for infrastructure and product development, marketing, skills and safety training, mentoring, and tourism awareness. Regional ITI offices deliver this support at the community level, offering program guidance and hands-on assistance.

T&P also manages the Tourism Operator Licensing system and provides direction on the implementation and administration of the Tourism Act. The licensing framework is designed to provide consumer safeguards and ensure meaningful consultation with affected stakeholders regarding tourism activities. The division's strategic direction is outlined in the GNWT's five-year sector plan, *Tourism 2025: Roadmap to Recovery*.

The Parks Unit is responsible for planning, marketing, administration, maintenance, and development of the NWT's Territorial Parks, which serve both visitors and local residents. It provides guidance to the Superintendent of Parks and regional staff on the enforcement of the Territorial Parks Act, with a focus on public safety. Regional ITI offices handle day-to-day park operations, enforcement, asset maintenance, and capital project management. T&P versus short- and long-term infrastructure planning and ongoing maintenance in close partnership with regions.

The Research and Planning Unit supports informed decision-making across the sector by collecting and analyzing tourism- and parks-related data for ITI, NWTT, and other industry stakeholders. This work helps guide strategic investments and policy development throughout the territory.

Note 1: Revenues of the ESRF are derived from levies paid by holders of petroleum exploration, significant discovery and production licences on NWT lands. The expected levy and budget are submitted to the Minister 60 days prior to the end of the preceding fiscal year.

Note 2: The PRA allows for reasonable expenses incurred for the management, operation and administration of the Environmental Studies Management Board (ESMB) to be charged against the ESRF. The PRA sets out the duties and functions of the ESMB, including that the ESMB establish guidelines and procedures of the Fund. The Departments of Industry, Tourism and Investment (ITI) and Environment and Climate Change (ECC) provide staff services in support of the ESRF Board Secretariat. ITI manages the Legislative reporting responsibilities and the revenue collection of the fund and ECC provides the secretariat staff that is required to administer the research programs and the expenditure management of the Board and the Fund.

DESCRIPTIONS OF COST SHARED AGREEMENTS

Beaufort Delta Education Council (250) - Through a Memorandum of Understanding (MOU) with the Beaufort-Delta Education Council (BDEC), the Department of Infrastructure provides direct services by leasing office space. Costs incurred by the Department on behalf of BDEC are recovered through invoicing in accordance with the agreement, which is in effect until December 31, 2027.

Electric Vehicle Infrastructure Program (231) - The Department of Infrastructure signed an agreement with Natural Resources Canada to support the deployment of electric vehicle charging infrastructure in public places, on-street, multi-unit residential buildings, workplace, as well as strategic infrastructure projects.

Hay River Access Corridor (40) - The Department of Infrastructure has signed a Memorandum of Understanding (MOU) with the Town of Hay River. This MOU approves the Department to incur expenditures on behalf of the Town for the maintenance of 5.2 kilometers of road known as the Hay River Corridor. The Town will reimburse the Department for cost of this maintenance, this agreement is on-going until terminated by both parties.

Municipality of Wood Buffalo (260) - The Alberta Road Maintenance program is for the maintenance of 50.9 kilometers of highway in northern Alberta. This road is a continuation of NWT Highway 5 in the Fort Smith area connecting to the community of Fort Fitzgerald and the Wood Buffalo National Park Highway system. The Department has a Memorandum of Understanding with the Regional Municipality of Wood Buffalo to maintain the Fort Fitzgerald road and the Regional Municipality of Wood Buffalo pays for the work, this agreement is on-going until terminated by both parties.

COST SHARED AGREEMENTS

INFORMATION ITEM

National Safety Code (153) - On behalf of Transport Canada, this agreement provides funding for the monitoring and enforcement of standards under the National Safety Code (NSC) with respect to commercial motor carriers. The Standard Funding Agreement supports the delivery function of the NSC program in the NWT, this agreement ends March 31, 2030.

Parks Canada (2,400) - An agreement with Parks Canada for the maintenance of approximately 117 km of Highway 5 within the Wood Buffalo National Park ending on July 31, 2030.

Royal Canadian Mounted Police (8,000) - Through a Memorandum of Agreement (MOA) with the RCMP, to provide maintenance and utility management services along with minor project management services for commercial and residential properties in the Northwest Territories. This MOA will be in effect until mutually renewed, amended or terminated.

Crown-Indigenous Relations and Northern Affairs Canada Hydropower Study And Capacity Support (59) - An agreement with the Government of Canada under Northern Responsible Energy Approach for Community Heat and Electricity (REACHE) Program to fund the feasibility, environmental, engagement work associated with hydropower development, to implement a hydropower review and to increase engineering capacity within the Department, agreement end date was March 31, 2024.

CORRECTIONS SERVICE

ACTIVITY DESCRIPTION

The Corrections Service provides safe custody and supervision of adult and youth offenders. This is achieved through the operation of correctional facilities and the supervision of offenders sentenced to community based orders such as conditional sentences and probation orders. The Corrections Service also delivers culturally relevant programs to support offender rehabilitation and reintegration, including input and support of Elders, the Traditional Liaison Officers and Indigenous staff members.

COURT SERVICES

ACTIVITY DESCRIPTION

The NWT has three levels of court which collectively constitute the judicial branch of government: Court of Appeal, Supreme Court and Territorial Court. The courts are independent of the executive (GNWT departments/boards) and legislative (Legislative Assembly) branches of government. The Court Services Division is responsible for providing administrative support to the courts through the Court Registry and the Sheriff's Office, as well as program support through the Specialized Courts program. These support services ensure courts are accessible, impartial and timely. The Division is also responsible for family law services, including the Family Law Mediation Program, the Parenting After Separation Program and the Child Support Recalculation Service. The Division also supports access to justice by providing free public access to legal research material in the M.M. deWeerdts Public Legal Resource Centre.

LEGAL AID SERVICES

ACTIVITY DESCRIPTION

The Legal Aid Commission (the Commission) is established under the *Legal Aid Act*, and is responsible for ensuring that all eligible persons in the NWT receive legal aid. The Commission provides legal services for legal aid outreach, most criminal and family law matters, and some civil cases. It determines eligibility for legal aid in accordance with the parameters established by the *Legal Aid Act*, the regulations under the Act, and the policies and guidelines of the Commission. The Commission is also responsible for the court worker program, public legal education, and the provision of administrative supervision to the Office of the Children's Lawyer.

REGIONAL OPERATIONS

ACTIVITY DESCRIPTION

Regional Operations is responsible for the coordination, implementation and delivery of most of the Department's programs and services to community governments and other stakeholders at the regional level. Regional staff provide advice and support to community governments on a range of issues and topics. They advise community governments on governance, budgeting, debt recovery, and sound financial management and reporting. They support community governments in the planning exercises for land use, emergency management, capital investment and asset management. They have a key role as the primary contact working with community governments to support them in developing good governance and operational practices. They also play a role with other government agencies in an effort to support the community governments. Regional Operations holds responsibility for the delivery for federal infrastructure programs. Implementation of the programs, oversight and reporting on use of federal funds is primarily collected through the regional offices with support from headquarters.

COMMUNITY HOUSING SERVICES

ACTIVITY DESCRIPTION

INFORMATION ITEM

Housing NWT operates approximately 3,000 rental housing units in 32 communities across the Northwest Territories including subsidized public housing and affordable housing units. The Local Housing Organizations (LHOs) provide, under an agency agreement with Housing NWT, property management services including the allocation of units, the assessment and collection of rents, and the provision of preventative and demand maintenance services. In addition, LHOs provide assistance and support to housing clients in accessing Housing NWT homeownership programs. Each LHO has an advisory board to oversee their operations.

The Community Housing Services key activities include resources to operate Housing NWT's rental housing portfolio including LHO contribution funding for administration, maintenance, apprentices, and training and support workshops. Also included in this activity are the cost of utilities, leasing of supplemental housing units and LHO office and warehouse space, LHO audit fees, minor modernization and improvements and property tax and land lease fees that are paid centrally by Housing NWT.

HOMELESSNESS PROGRAMS

ACTIVITY DESCRIPTION

INFORMATION ITEM

Housing NWT, working in partnership with community based organizations, delivers a range of programs designed to assist households in addressing homelessness. These programs include:

Emergency Shelters: Funding to assist emergency overnight shelter providers with the cost of rent and food to temporarily house people in need. There are currently seven emergency shelters supported under this program, three located in Yellowknife, two in Inuvik, one in Fort Simpson and one in Hay River.

Homelessness Assistance Fund: The Homelessness Assistance Fund works cooperatively with GNWT case managers and referral agents to support homeless residents to access housing, to prevent tenants from being evicted or to provide assistance for residents to return to more stable housing situations in their home.

Housing First: A contribution currently supporting Housing First programming in Yellowknife to support access to independent rental housing and the provision of wrap around supports to address underlying homelessness factors.

Northern Pathways to Housing: A supportive housing program for single adults experiencing housing stability. The goal of the program is to stabilize individuals with housing and work with communities to develop wrap around systems of support to encourage the integration of individuals into the community. The Northern Pathways to Housing program is currently being delivered in Aklavik, Behchokò, Fort Good Hope and Fort Simpson.

Rapid Rehousing: A pilot program under which Housing NWT partners with non-government organizations to help, in whatever manner they determine is appropriate, to provide housing stability for individuals at risk of homelessness.

Shelter Enhancement Fund: A program to assist shelter operators with upgrades to existing shelters or to purchase equipment required for continued shelter program delivery.

Small Community Homelessness Fund: A program to partner with community projects around homelessness, identified by communities, that address their specific needs for adults and/or youth.

HOMEOWNERSHIP ASSISTANCE PROGRAMS

ACTIVITY DESCRIPTION

INFORMATION ITEM

Housing NWT provides an opportunity for NWT residents to access government support through programming for the purchase of a modest private home, to repair their homes to ensure a safe and healthy residence and to increase the useful economic life of their homes or to access a rental program that allows them to experience the commitments required to be a successful homeowner. These programs include:

Community Housing Support Initiative / Co-Investment fund: A program to fund community bodies for the purpose of improving community housing. This budget also includes initiative funding allocated to Housing NWT to assist in cost-sharing NWT housing projects approved under CMHC's Co-Investment/Rapid Housing Programs.

Emergency Repair Program: Provides financial assistance to eligible households to address emergency repairs that are urgently required to support the continued safe occupancy of the home. A forgivable loan is available to address emergency health and safety repairs.

Homeownership Initiative: Supports Housing NWT's objective of increasing private homeownership in rural and remote communities where there are families with enough income to own and operate their own home.

Home Purchase Program: Provides an opportunity for clients to become homeowners by aiding the purchase of a modest home. A forgivable loan is available to subsidize the costs of purchasing an existing home.

Home Repair Program and Mobility Modifications Program: Provides financial assistance to eligible homeowners to make necessary health and safety-related repairs to their existing homes. This program also provides financial assistance to eligible households with a household member with a housing-related disability, to support modifications that will promote continued independent living.

Preventive Maintenance Program: Provides financial assistance to eligible households to complete preventive maintenance checks and make minor servicing or repairs to ensure a safe and healthy residence.

Seniors Aging in Place: Provides financial assistance to eligible households to support repairs or upgrades that make their home less expensive to operate so that they can live independently for as long as possible in their communities.

APPENDIX A - GLOSSARY

Activity	A division of a Department.
Amortization	The portion of the total cost of a tangible capital asset (TCA) that is charged to an operations expense in the current fiscal period as a result of charging the cost of a TCA to an operations expense over its useful economic life.
Appropriation	The authority to incur an expenditure that is set out in an Act respecting the authorization of expenditures, or the express authority in the <i>Financial Administration Act</i> (FAA) or another Act to incur an expenditure, or to make a disbursement out of the Consolidated Revenue Fund.
Budget	A detailed estimate of future transactions, in terms of quantities, money values or both, designed for planning and control over future operations and activities.
Capital Investment Expenditure	An expenditure incurred to purchase, construct, develop or otherwise acquire a tangible capital asset to be owned by Government or a Public Agency.
Contribution	A conditional transfer of approved funds to a third party to fulfill a statutory obligation or other Government objective within a specified time frame.
Deferred Maintenance (DM)	A dedicated allocation of funds to the maintenance of Government owned assets. Historically, maintenance has competed for funding with other projects and was often deferred.
Department	A division of the public service continued or established by statute, or designated as a department by the Commissioner in Executive Council, on the recommendation of the Premier; or the Office of the Legislative Assembly.
Disposal	The processes of removing of an asset from use and from the accounting records as a result of destruction, loss, obsolescence or abandonment.
Estimates	Annual estimates of expenditures and revenues of the GNWT in the context of budgets (i.e. Main Estimates for operations revenue and expenses; Capital Estimates for infrastructure expenditures).
Expenditure	For purposes of the <i>Financial Administration Act</i> , expenditure means an outlay of funds, or incurrence of a liability, that results in an operating expense or infrastructure expenditure.
Financial Instrument	Any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.
Financial Management Board	The committee of the Executive Council, established by the <i>Financial Administration Act</i> .

APPENDIX A - GLOSSARY

Fiscal Year	For the GNWT: the period beginning on April 1 in one year and ending on March 31 in the next year. For a Public Agency: if the period of a fiscal year or financial year for the Public Agency is addressed in the Act under which the Public Agency is established, that period; the period set under the <i>Financial Administration Act</i> by the Board; or the same period as for the GNWT (April 1 to March 31) if not addressed in the Act under which the Public Agency is established and the Board has not set a period under the appropriate section of the <i>Financial Administration Act</i> .
Grant	An unconditional transfer of funds or assets where the recipient's eligibility and entitlement to it may be verified.
Infrastructure Contribution (IC)	A contribution made to a third party, by the Government, to purchase, construct, develop or acquire a tangible capital asset, where the risks and rewards incident to ownership are retained by the third party.
Net Book Value	The cost of a tangible capital asset, less both accumulated amortization and the amount of any write-downs.
Position	A job description established within the public service. The term “active positions” includes positions that are occupied, or temporarily vacant, but will be staffed.
Public Agency	A statutory body specified in Schedule A, B, or C of the <i>Financial Administration Act</i> .
Regions	Geographical subdivisions of the Northwest Territories for administrative purposes.
Revised Estimates	Includes the Main Estimates and Supplementary Appropriations.
Tangible Capital Asset (TCA)	A non-financial asset having physical substance that; · is held for use in the production or supply of goods, delivery of services or program outputs; · has a useful economic life beyond one fiscal year; · is intended to be used on a continuing basis; · is not intended for resale in the ordinary course of operations; and · cost is equal to, or greater than, \$50,000
Valuation Allowance	An amount recorded to recognize the potential reduction in value of a recorded financial asset or non-financial asset due to the recorded amount not likely to be fully recovered or fully realized. The valuation allowance is an offset to the recorded amount of the asset to determine the carrying value, net book value, or net realizable value of the related asset.
Work Performed on Behalf of Others	The Government undertakes to perform certain functions in the Northwest Territories on behalf of the Government of Canada or others. Funds expended for these activities are fully recovered and are not required to be appropriated by the Legislative Assembly.

APPENDIX B – BUDGET DEVELOPMENT PROCESS

1. Fiscal Strategy Development

Under the direction of the Minister of Finance, the Department of Finance prepares a multi-year fiscal framework. The framework is an overview of the projected financial position of the government based on a set of assumptions about revenues, expenditures, and federal transfer payments.

In the development of a fiscal strategy, the framework is used as a modeling tool to project the fiscal position of the government, assuming current policies and trends are maintained, as well as alternate positions based on various policy changes, new policies and new initiatives. This allows the Financial Management Board and the Executive Council to assess whether the current mix of expenditures and taxes are appropriate. If the mix cannot be sustained, or change is desired for policy reasons, it allows for an evaluation of alternatives in expenditures, taxation, and borrowing.

Based on the government's current financial position, program objectives and the fiscal alternative chosen, targets for each department are approved by the Financial Management Board and instructions are issued to departments for the development of multi-year business plans.

2. Business Plan Development and Review

The multi-year business planning approach links strategic planning with resource allocation. The business planning process includes setting goals, developing strategies to achieve the goals, and establishing targets and outcome measures. As part of the process, departments identify the challenges and pressures confronting them, and map out how to meet those challenges within available resources. Business Plans identify key strategies that each department will implement to achieve its goals, and also identify outcome measures and targets to be achieved.

Business plans focus on two areas of expenditures: Operations and Infrastructure.

a) Operations Expenditures

The Financial Management Board establishes departmental planning targets. Individual departments develop and document projections of forced expenditure growth in existing programs on the basis of demographics or utilization trends, possible expenditure reductions, required service level increases and other anticipated changes for each departmental program. This is done in accordance with Financial Management Board instructions.

New or expanded programs are justified in relation to government priorities, policy directives, or changes to industrial norms or national standards.

Departmental business plans are submitted for review, analysis, and compilation by the Department of Finance before presentation to the Financial Management Board. They are then referred to Legislative Standing Committees for review.

APPENDIX B – BUDGET DEVELOPMENT PROCESS

b) Infrastructure Investment

Consideration of the Capital Estimates is undertaken in the fall session of the Legislative Assembly. The capital planning process provides for one capital investment target. Projects are prioritized on a government-wide basis versus a departmental basis.

The capital planning process for each planning cycle starts with community consultations. Community consultations are conducted to ensure communities are:

1. Consulted annually on their capital needs;
2. Provided explanations on the allocation of resources to capital investment; the application of priority criteria along with the political and other influences on the process will be provided; and,
3. Provided direct feedback on the consultations, including feedback to communities on the inclusion or exclusion of community projects in the capital plan or capital needs assessment; and if requested, a follow-up meeting with the communities to explain the capital plan and disposition of their proposed projects.

The results from community consultations are taken into consideration in the development of the initial capital needs assessments that is completed by departments. Projects included in the first five years of the needs assessment are then rated against a common set of criteria.

The rating of the proposed Infrastructure projects and the available funding are taken into consideration in developing a preliminary Infrastructure acquisition plan. The preliminary plan is first reviewed by a Deputy Ministers Steering Committee and secondly by the Financial Management Board prior to a review by Standing Committees and the final approval when presented in the Capital Estimates to the Legislative Assembly. Changes to the plan can be affected through any of the reviews prior to final approval.

3. Main Estimates Development Process

There is a minimum level of detail required in the development of the Main Estimates. Departments may budget at more detailed levels for internal purposes, as deemed necessary. Each department is responsible for the development of their budget. In this development, a minimum level of detail is established which will meet the requirements of the Main Estimates and provide for the budget to be loaded into the System for Accountability and Management (SAM).

The Department of Finance coordinates all departmental information to produce the Main Estimates and it is responsible for coordinating the input of the budget into SAM once it is approved by the Legislative Assembly.

The Main Estimates are reviewed by the Department of Finance for uniformity, consistency of presentation and adherence to targets and guidelines. The Financial Management Board then approves the Draft Main Estimates for forwarding to the Legislative Assembly Standing Committees for their review prior to the commencement of the Budget Session.

APPENDIX B – BUDGET DEVELOPMENT PROCESS

4. Budget Address Development

Under the direction of the Minister of Finance, the Department of Finance drafts the text of the Budget Address. The Budget Address includes an outline of current trends and anticipated developments, and identifies the Government's plan of action related to its established strategies and priorities, for the upcoming fiscal year. In addition, the Budget Address highlights new tax and program initiatives, and their expected impacts on the economy and Government revenues or expenditures.

5. Presentation to the Legislative Assembly

Following the presentation of the Budget Address by the Minister of Finance, the Main Estimates are tabled in the Legislative Assembly. After the Legislative Assembly has completed its review, the Assembly approves the *Appropriation Act (Operations Expenditures)* for the fiscal year.

6. Preparation and Entry of Approved Budgets into the System for Accountability and Management

Departments are required to provide the detailed data and coding structure, in a format established by the Department of Finance, for entry of the budget into the System for Accountability and Management. The actual transfer is automated and is organized so that departmental budgets are in place on April 1.

7. Variance Reporting - Monitoring of Expenditures and Revenues Against Budgets

During the course of the year, the System for Accountability and Management produces monthly reports comparing year-to-date revenues and expenditures to the year-to-date budget. Departments must respond monthly to the Department of Finance on the status of their expenditures and revenues, as compared to budget, and provide projections to year-end. The variance information and revised year-end projections, obtained through the expenditure and revenue monitoring mechanisms, are used during the year to monitor actual performance against the Government's fiscal framework and anticipate requirements for supplementary appropriations and any incremental borrowing.

8. Supplementary Estimates

During the course of the year, increases may be required to a department's spending authority. This is accomplished by way of Supplementary Estimates. Supplementary Estimates are presented to the Legislative Assembly for approval during regular sittings of the Assembly.

Upon approval of Supplementary Estimates by the Legislative Assembly, budget entries are prepared and entered into the System for Accountability and Management.

9. Special Warrants

In emergency situations, the Financial Management Board may recommend a Special Warrant to the Commissioner for approval of spending authority, to allow a department to respond quickly to an urgent and unforeseen need that meets the criteria as defined in the *Financial Administration Act*.

Canada Student Loans Program	28	7,107	-	-	7,107	5,385	(1,722)	(24.2)	Decreased based on prior year actuals, which reflect a return to pre-COVID Federal funding levels.
Strategic Partnership Initiative Agreement - North Slave Regional Training Partnership	1	130	-	-	130	-	(130)	(100.0)	Funding decreased with 2025–26 being the final year of the three-year agreement, which has now sunset.
Fish for Sale Exhibit	24	53	-	-	53	62	9	17.0	Increase is based on the funding agreement with Canada.
Canada - NWT School Food Program	15	-	-	-	-	2,573	2,573		New three-year agreement with Canada began in 2025–26; however, revenue was not reflected in the 2025-26 Main Estimates due to the timing of the agreement’s signing.
Federal Cost Shared - Capital									
Investing in Canada Infrastructure Program	29	-	-	-	-	4,500	4,500		Federal funding to support accessibility upgrades at the Prince of Wales Northern Heritage Centre

		Inter-Departmental Transfers	Internal Transfers of Functions					
GENERAL REVENUES								
Revolving Funds Net Revenue								
	-	-	-	-	-	-		The increase in the revenue estimate is due to additional capital projects at the Yellowknife Airport, resulting in higher Airport Improvement Fee revenue being recognized.
Yellowknife Airport Revolving Fund	280	-	-	280	2,239	1,959	699.6	
Regulatory Revenue								
Airports - Landing and Other Fees	600	-	-	600	700	100	16.7	The increase in airport landing and related fees reflects trends observed in historical actuals.
Inspection Services - Registrations	550	-	-	550	550	-	0.0

Lease								
Airports Lease/Rental and Rental to Others	1,500	-	-	1,500	1,400	(100)	(6.7)	The decrease in the revenue estimate reflects trends observed in prior years’ actuals. The increase is due to the new lease agreement (2025–2027) and higher expected O&M expenses from increased utility costs in the previous year.
Beaufort Delta Education Council	210	-	-	210	250	40	19.0	Increase is due to a new Revenue Sharing agreement.
Ventura Stanton Inc.	-	-	-	-	1,140	1,140		
Program								
National Safety Code	153	-	-	153	153	-	0.0	The increase is based on historical data, as utility recoveries have risen significantly due to higher costs.

Program									
Air Charter Recoveries		197	-	-	197	267	70	35.5	Costs of air charters have seen a large spike in the past couple of years. This is due to the lack of staffing for charter companies and higher costs to run the flights. Unlike in previous years, that have been more community assessments recently. The community assessments have a higher chargeback rate. Therefore, quarterly billings have increased.
Community Parole		4	-	-	4	5	1	25.0	There was a new contract put in place this year with an additional consultant which resulted in larger chargebacks for the Provinces and Territories.
Contract Management Committee Provincial Territorial Secretariat		149	-	-	149	202	53	35.6

								Legal Aid repayments vary depending on the financial position of the clients and we are unable to determine what the payments will be throughout a year. This estimate is based on a 3-year average to give us an idea of what to expect.
Legal Aid Repayments	7	-	-	7	9	2	28.6	
								The Nunavut Exchange of Services Agreement was renewed this year without the minimum 5-day billable. This reduces the guaranteed revenue for at least 5 bed days every day of the year. Additionally, Nunavut has increased their offender housing capacity with the building of Aaqqigiarvik Correctional Healing Facility in Iqaluit. 2023-24 and 2024-25 had lower inmate numbers. However, there was a significant increase in Quarter 1 2025-26, which has been accounted for in this estimate.
