

Registrar's Report

Department of Transportation
Government of Northwest Territories
2007/2008

Supporting Road Safety Vision 2010 to Make Canada's Roads the Safest in the World

Preface

The Road Licensing and Safety Division (RL&S) coordinates and leads the Department of Transportation's road licensing and regulatory responsibilities. There are many challenges in filling this role in a territory the size of the NWT where the cost of providing services must be balanced against our objective of improving service to all residents.

RL&S has embarked on a strategic initiative to provide improved driver and vehicle licensing services in all communities. Efforts are ongoing to move our Motor Vehicle Information System (MVIS) to a PC environment, which will allow us to develop enhancements to the MVIS to improve the speed and quality of service to residents. In addition, RL&S has developed, and is currently testing, a Mobile Issuing Station which will be used to deliver driver and vehicle licensing services in remote communities.

We continue to work with other jurisdictions to ensure that our high security Drivers Licence and General Identification Cards are accepted as identification anywhere in North America. We are continually seeking ways to improve our process for issuing these products, without compromising their security and acceptance.

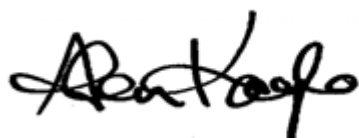

All drivers manuals for NWT residents are now available on-line on our website at www.dot.gov.nt.ca. The website is a good source of information for those looking for answers related to driver and vehicle licensing, and we continue to look for ways to make our services and information available on-line.

The launch of the Drive Alive program pulls together a number of transportation safety campaigns in the NWT. Drive Alive is working with private and government partners to achieve a simple objective – making the residents of the NWT continually aware of the need to make safe choices whenever they are a pedestrian, passenger, or operator of a vehicle on our roads, trails, and waterways.

Finally, RL&S is working in close co-operation with municipal enforcement and RCMP to coordinate enforcement activities. This co-operation is expected to improve transportation safety through the enforcement of laws intended to improve safety. We also welcome ideas from communities and other stakeholders as we continue our efforts to better serve the residents of the NWT.

Acknowledgements

The Department of Transportation would like to extend a special thank you to the RCMP for collecting and providing data.

Al Kaylo
Registrar, Director of Road Licensing and Safety
Department of Transportation

1.0 Introduction

This report presents a statistical summary of the vehicle and driver population in the Northwest Territories and presents a summary of revenue, driver testing activity, convictions and suspensions. This information can be used by Program Managers, Regional Superintendents and Senior Managers to assess Road Licensing and Safety activities and monitor trends. The information in this report is derived from data maintained on the Road Licensing and Safety Motor Vehicle Information System (MVIS). A series of reports are used to extract the statistical information from MVIS.

The information is checked for reasonableness and accuracy by comparing with reports available on MVIS and the Financial Information System (FIS) as well as Northwest Territories population figures. Road Licensing and Safety Headquarters and Regional staff also have an opportunity to review the charts and tables for accuracy. Despite these measures, errors may exist due to data coding and entry, therefore, the information should be viewed with caution.

2.0 Executive Summary

Section 3.0 shows the number of registered vehicles by type and region. The table includes all vehicles with a valid registration as of December 31, 2007 and registered to an individual or company with a Northwest Territories address. Duplicate registrations are excluded by counting unique vehicle identification numbers. As of December 31, 2007, there were 30,078 registered vehicles, a 5.0 percent decrease from 2006.

The breakdown of registered vehicles by type is an approximation based on variables including; vehicle make, vehicle model, vehicle type, style, license plate type, and gross vehicle weight. Light-duty vehicles, including passenger cars, passenger vans, sport utility vehicles and pickup trucks, comprised 72 percent of the vehicle population in 2007.

Section 4.0 presents the characteristics of licensed drivers. The tables include all Northwest Territories residents with a valid driver's license as of December 31, 2007. On this date, there were 24,442 licensed drivers, virtually no change from 2006. The population of the Northwest Territories increased by 1.9 percent during the same period. Persons aged 65 and over comprised 3.6 percent of the driver population. Although not shown in the tables, the proportion of drivers aged 65 and over is increasing.

Section 5.0 presents revenue data from all Driver and Vehicle Licensing Offices operated by the Department of Transportation and by private contractors. The revenue is summarized by category, region and Issuing Office for all transactions taking place between April 1, 2007 and March 31, 2008. This is the most revenue ever generated in a Fiscal Year.

For the 2007/2008 Fiscal Year, revenue from the various categories is as follows:

- Vehicle registrations: \$3,330,689.48
- Driver testing: \$93,340.00
- Driver licensing: \$496,705.04
- Products and services: \$808,408.00
- Total: \$4,729,142.52

Section 6.0 shows the total number of driver tests conducted in the Northwest Territories between April 1, 2007 and March 31, 2008 by test type (written vs. road), class and region and shows the corresponding passing rates. In the 2007/2008 Fiscal Year, 3,367 written tests and 1,428 road tests were conducted. The corresponding passing rates were 61.4 percent and 62.0 percent, respectively.

Section 7.0 presents information on driver convictions, suspensions and demerit points of Northwest Territories drivers. The tables showing *Criminal Code* and *Motor Vehicles Act* convictions include convictions arising from offences committed by Northwest Territories residents between April 1, 2007 and March 31, 2008. The tables exclude convictions arising from offences committed outside of the Northwest Territories.

During the 2007/2008 Fiscal Year, there were 193 convictions under the *Criminal Code*, a 35 percent increase from the previous Fiscal Year. There were 1,286 convictions under the *Motor Vehicles Act*. This is a 1.5 percent decrease from the previous Fiscal Year.

Section 8.0 shows the number of permits issued by type and Weigh Scale, number of Commercial Vehicle Safety Alliance (CVSA) inspections conducted and number of offences under the *Transportation of Dangerous Goods Act* and *Regulations* for the 2007/2008 Fiscal Year.

During 2007/20078

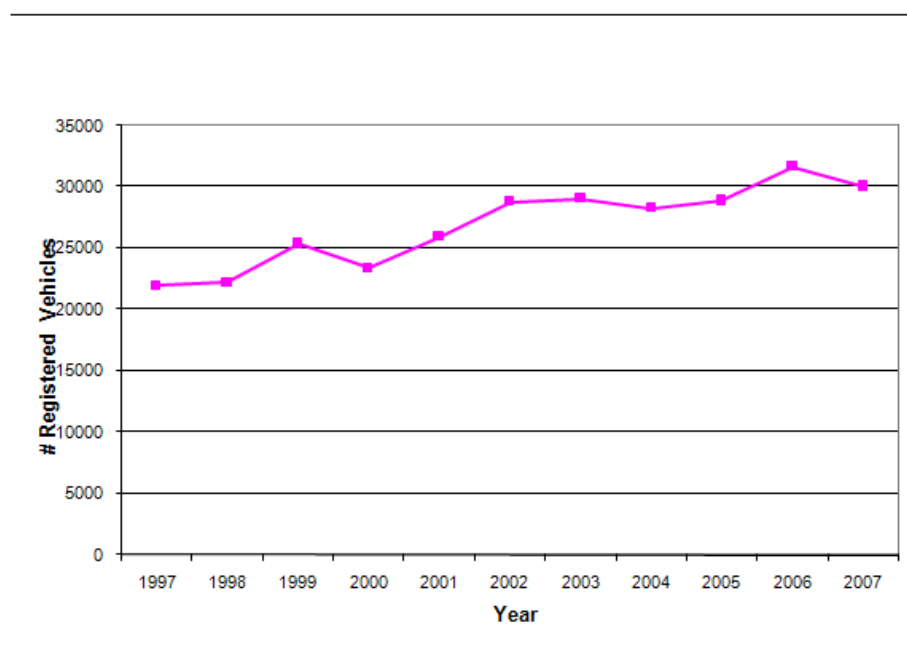

- 9,956 permits were issued;
- 501 CVSA inspections were conducted; and
- 22 charges were laid under the *Transportation of Dangerous Goods Act* and *Regulations*.

Section 9.0 presents information on reportable collisions in the Northwest Territories for the 2006 and 2007 calendar years. A reportable collision is an incident involving one or more motor vehicles resulting in death, personal injury or a minimum of \$1,000 in property damage. Details on traffic collisions is presented in the publication entitled “2007 NWT Traffic Collision Facts” and includes collisions occurring on the NWT Highway system. This publication contains useful information on issues that affect collisions and their severities, such as drinking and driving; unsafe speed; young and old drivers; and use of occupant restraints. This publication can be accessed at the Department of Transportation’s website at the following address:
